Objective

I am a dedicated and motivated B. Tech Mechanical Engineering student with a strong passion for SolidWorks and design. Proficient in a range of technical skills including SolidWorks, AutoCAD, C language, C++, and Python, I am adept at translating concepts into tangible designs. My academic pursuits have equipped me with a solid foundation in mechanical engineering principles and problem-solving abilities. My enthusiasm for SolidWorks drives me to continuously learn and explore innovative design techniques. I am seeking opportunities to apply and enhance my skills in a dynamic environment, contributing to projects that challenge and inspire me.
